## Employer in the Spotlight-APC/Schneider Electric

Posted by David Logan on 11/02/2009 at 12:00 AM

From time-to-time I highlight employers that hire a significant number of our graduates including past blogs on [Adler, Pollock & Sheehan](#) and [Shectman, Halperin & Savage](#).

We are especially proud of the relationship we have built with American Power Conversion (APC), a division of a French conglomerate, Schneider Electric, which has 114,000 employees and \$23 billion in revenues last year. APC is a global leader in computer network infrastructure solutions, protecting electronic, network, communications and industrial equipment of all sizes. The Vice President and General Counsel of Schneider, Peter Wexler, operates out of West Kingston, RI, so the RWU Law grads who work there have a sophisticated corporate practice while enjoying the terrific quality of life available in the Ocean State.

Here is a photo from a recent visit to campus by Peter and some of the terrific RWU Law folks who work with him.
